

**Results of the Board-Meeting of the  
"Peter-Hesse-Stiftung" Düsseldorf –**

**in the Industrie Club, Düsseldorf,  
21 April 2017 – 17:40 to 18:00 h**

**Sole subject of this Board-Meeting was**

**the future of the Peter-Hesse-Stiftung, mainly after the death of its founder, Peter Hesse, in the framework of the Foundation's purpose, "...to contribute to a just and peaceful learning ONE world in diversity – with emphasis on providing children a chance through child-centered early education to enable life-long learning."**

**As its founding chairman, Peter Hesse welcomed the other four members of the Board: Mrs. Dr. med. Sabine Uhlen; Mrs. Lynne Lawrence (Executive director of AMI), Dr. Hans-Joachim Preuß (Director of GIZ and vice-chairman of our Board) and Mr. Philip O'Brien (President of AMI) – and he greeted Mr. Michael Dirx (Executive director of our host-foundation, Schmitz-Stiftungen) and – as a potential future member of the Board – Dr. Jörg Boysen (chairman of the Montessori Umbrella-Organization, Germany). as suggested by Peter Hesse.**

**There shall be two additional board-members to replace two current members:**

**1. – Dr. med. Sabine Uhlen**, who wishes to concentrate on promoting and co-financing the scientific work of **Dr. Rupert Sheldrake for a "learning Humanity"**. Dr. med. Sabine Uhlen has already contributed to facilitate Dr. Rupert Sheldrake's scientific work, which matches perfectly the umbrella purpose of the P.-H.-Stiftung. She continues to support the child-work of our Foundation with her professional skills. One new Board-member, replacing Dr. Uhlen on the Board shall be part of the basic education field: **Dr. Jörg Boysen** has been asked by Peter Hesse, the founding chairman, to agree to accept this position and has accepted to join the Board.

**2. – Peter Hesse** – after his death or should reasons of health force him to retire from the Board of the Peter-Hesse-Foundation. The potential candidate joining our Board after Peter Hesse's death or retirement will be **Mr. Christo Xafis**, suggested by the Schmitz-Stiftungen, to strengthen the firm ties with our Düsseldorf host.

**After the departure of Peter Hesse from the board, the remaining five board-members shall select the future chairman of this board and its vice-chairman.**

After a short but substantial exchange and after Dr. Boysen's introduction of himself, the five Board-members present expressed their gratitude to the departing member, Dr. Sabine Uhlen; they agreed unanimously with the suggestions and signed the original draft of an agreement. The Peter-Hesse-Stiftung is now on firm grounds to proceed in Haiti, in Africa and in the world according to the Foundation's purpose.

**Peter Hesse**, Düsseldorf, 8 June, 2017 – witnessed by **Michael Dirx**.
